Leisure Playground toys (Shanghai) Co.,Ltd

Company profile

The company is a domestic toy company dedicated to breakthrough, innovative toy design, development, production and sales. The toys of our company are classified according to age, function, indoor and outdoor, scene, etc. Each single product and each component are designed according to the concept of "breakthrough creation, persistence in innovation, and improve children's intellectual development".

We will let children not only enjoy the fun of the game, but also learn to give and share while playing with toys. In the toy development process, we start from the children's ideas, give full play to and tap their creativity and innovation. In addition, our company has a strong R&D team, which updates most of the products and develops and designs new products every year to ensure that no one has one, which is an absolute advantage that our company and other toy companies do not have.

"Being loved because of love", Attraction Toys respects children's nature and can bring them joy. I believe that our products will bring more fun to your children.
